AN EXPLANATORY NOTE

This fifty-seven page bibliography was prepared by the Lawyers' Committee for Civil Rights Under Law for the Special Committee on School Finance of the National Legislative Conference as a compendium of various earlier prepared bibliographies. It is divided into three major sections: Articles, Books, and Court Decisions. The former two sections are broken down into thirteen and twenty-one subject categories. A Table of Contents follows on the next page. An attempt was made by the compilers to highlight, with an asterisk(*), certain works of more than routine interest.

This bibliography was prepared by Sally Janeway under the supervision of R. Stephen Browning, and with the help of Richard E. Merritt at the National Legislative Conference. Any errors of omission or commission in its preparation are theirs and not those of the Lawyers' Committee for Civil Rights Under Law or of the National Legislative Conference.
